

EDEN TAFF

Born (2001)

Lives and Works in Brooklyn, NY

Taff explores nostalgia, femininity, and interpersonal relationships through drawing and painting. Her portraiture evokes a distinct tenderness between space, sitter, and object. With serenity and remembrance, the washes of oil or graphite envelop the eye in a dreamlike beneficence. In contrast to the male-dominated representation of femininity, the artist subverts and reclaims the practice through self-portrayal.
